

Visible charging, focused working

NANO brings power and charging together in one compact, freestanding unit for modern desks, home offices and flexible workspaces. A socket outlet keeps your laptop powered, USB-C is ready for everyday accessories, and the Qi2 Wireless Charger keeps your smartphone charged and clearly in view*.

Positioned towards you, the smartphone faces you for calls, messages, meetings or quick updates while you work. Cables are guided neatly towards the rear, keeping your workspace organised. Secure, flexible and ready to use without installation, NANO fits wherever you need power close at hand.

Benefits

- Ergonomic 45° angle
- Fast and efficient charging
- Advanced USB-C technology
- Smartphone always in view
- Flexible for everyday use and home office
- Clean and organised setup

*For secure magnetic attachment, a device or protective case with an integrated magnetic ring system (e.g. MagSafe-compatible) is required. Protective cases without a magnetic ring may reduce the magnetic holding force.

BACHMANN
We power your life.

SNAP. CHARGE. VIEW.
